Making Sense of Surgical Indicators in Latin America & the Caribbean

Dr. María Fernanda Tapia, Plastic and Reconstructive Surgeon  
Pontificia Universidad Javeriana, Bogotá, Colombia

Dr. John L. Dutton, General Surgery Resident  
Rutgers University, New Brunswick, New Jersey, USA

This team of Operation Smile Global Surgery Fellows will discuss key regional insights into surgical indicators, gaps between data collection and implementation, and how Operation Smile is partnering with local health systems to create meaningful, sustainable and scalable change on the path to 2030.

Event co-sponsored by the G4 Alliance Tracking Surgical Indicators Working Group.

September 7, 2021  17:00 EDT / 16:00 CDT/ 15:00 MDT
