

INCREASE PRODUCTIVITY

PUT YOUR OFFICE SOFTWARE SUITE IN THE ISM CLOUD

Imagine your office software suite always being up to date...and your data being stored safe and secure in the Cloud right here in Canada? With ISM Office Productivity Suite your organization can benefit from your Microsoft Office software available anytime, anywhere and on any device.

WHAT DO I GET?

- Email, shared calendars, IM, Web conferencing
- Document sharing and collaboration via SharePoint with OneDrive
- Services hosted in ISM's Canadian data centres
- Office apps installed locally with Office web apps available for Excel, Word, PowerPoint and OneNote
- Microsoft-certified ISM support team
- Reliable backups for data

WHY SHOULD I CARE?

- Secure and easy to implement
- Cloud-based software currency is maintained
- Collaboration tools increase team productivity
- Fast, reliable connection and bandwidth
- Easy migration from existing set-up
- Competitive pricing and choices
- Enterprise-level security and data protection
- Easy to scale up or down to meet your organization's size and needs
- Document synchronization allows for seamless offline access to your data from any location
