Early Childhood, Youth and Family Development

The Foellinger Foundation awards 90% of its grant dollars to Allen County-based nonprofit organizations that serve Allen County children and their families, particularly those with the greatest need and least economic opportunity. The Foundation does this by identifying and funding mission-driven, well-governed, results-oriented organizations that promote self-reliance and build community.

The Foundation primarily awards grants to Allen County-based nonprofit organizations that are exempt from paying federal taxes under Section 501(c)(3) of the Internal Revenue Code and that are not private foundations. In addition, only organizations in the following subcategories may be considered for grants:

- 509(a)1
- 509(a)2
- 509(a)3 Type I, Type II, or Type III (Functionally Integrated)

The Foundation will not accept grant applications to support the general operations of public (including charter) or private schools (Pre-K through Postsecondary).

Occasionally, the Foundation awards grants to governmental agencies for programs or projects that enhance the community’s quality of life, so long as those enhancements would occur only with private contributions.

Grant Guidelines

Early childhood, youth, and family development grant applicants may request multi-year funding. Capital support grants will not be accepted. Organizations may only submit one application for operating or program support per calendar year.
