

THE VOW

LIFE, DEBT, TAXES, MARRIAGE, LAW, CONSCIENCE & ISRAEL

The National Debt and unfunded liabilities of the United States arguably exceed \$200 trillion – deeply immoral theft from unborn American generations and morally-hazardous incentive for politicians to plunder aging American savers by debasing the currency. Just as bad are the divisive purposes for which Congress, Members of both major parties, have been appropriating billions of borrowed dollars and IRS receipts. Therefore, as a matter of personal conscience, ethical, moral or religious conviction, I do hereby solemnly vow* to vote against (or to decline to vote for) any and all increases to, or suspensions of, the U.S. National Debt limit, and against any and all revenue-positive tax measures, until the termination of all federal expenditures for the subsidization, support, imposition or U.S. enforcement of such evils as:

- **Contempt for Innocent Human Life:** Abortion (including, but not limited to gender discriminatory -, disability-, socioeconomic- or racially-targeted selective “eugenic” abortion acts; late-term abortion; partial-birth abortion; post-heartbeat abortion; fetal pain-sensitive abortion; or born-alive infanticide); abortionists or abortion providers; so-called abortion “rights”; or drugs or devices intended to induce abortion or infanticide in any State, district or territory of the United States or foreign nation;
- **Federal Subversion of Marriage:** The defining of polygamy, polyandry or same-sex union as “marriage” pursuant to any judicial decree, settlement or governmental measure affecting any of the 47 States which have not, as of 2014, authorized such definition by constitutional popular vote of the People in a binding Statewide initiative, referendum or plebiscite;
- **Border Lawlessness:** Presidential, judicial or any other federal policy contrary to the Constitution or to duly enacted federal statute as pertaining to lawful and orderly immigration, sojourning or citizenship in the United States by economic laborers, homemakers, entrepreneurs, scientists, engineers, industrialists, technologists, artists, musicians, actors, athletes, scholars, cultural contributors or any other such welcome, virtuous human beings who are themselves willing in good conscience to pay their taxes, uphold the Constitution and honor the Rule of Law; **
- **Violation of Freedom of Conscience:** Any governmental mandate or coercion which requires private citizens, government officials, associations, organizations, schools, colleges, universities, businesses or corporations, directly, indirectly or in violation of conscience or sincerely held ethical, moral or religious belief, to finance, facilitate, assist or otherwise support: polygamy, polyandry or same-sex union activities characterized as “marriage” or abortion-, euthanasia-, or suicide drugs, devices or services (including any such mandates of the Affordable Care Act);
- **Anti-Semitic Extremism:** Foreign aid to UNRWA, the United Nations agency in the Palestinian territories, until such time as it ceases enabling teaching, to otherwise innocent Muslim children in the West Bank and Gaza: Islamist jihad, violent anti-Semitic or anti-Christian views, anti-Jewish propaganda, terrorism, genocide or advocacy for the annihilation of the State of Israel, the United States of America and their people.

I will not help finance such evils, nor will I require my constituents or any U.S. taxpayer to do so.

* For a candidate with a religious or conscience objection to oaths, courtroom- or marital vows, the word “vow” may be replaced with “affirm” by so indicating here. ** The first two sentences plus the paragraph on “Border Lawlessness” have been added to define Vow version 1.2. Some Members of Congress, Vow endorsers and 2016 candidates have simply supported Vow version 1.0 as a rationale for opposing higher debt and taxes. Signatories, of course, are only bound to the version they signed. For your convenience, THE VOW text is linked [here](#) in PDF format. **NOTE:** All responses (or non-responses) other than “YES, I DO SO VOW” will be recorded as a 2016 voter guide “NO” in answer to the question, “Did candidate respond ‘YES, I DO SO VOW’ in response to inquiry by administrators of www.Christian-JewishVoterGuides.org?”

2016 or 2018 Federal Candidates, please: a) Print, manually sign, scan and email to admin@christian-jewishvoterguides.org, or b) Paste your electronic signature onto the signature line above and email to admin@christian-jewishvoterguides.org
