General Notice of Contracted Work on Building Exterior

Sir/Ma'am,

This notice has been produced to inform you that Eko Painting will be conducting concrete repair work throughout the building over the next (12) twelve months. The Association has contracted Eko Painting to conduct concrete repairs and paint the building. Eko Painting will only be permitted to conduct their work between the hours of 8:00am and 4:30pm on weekdays. They will not schedule any work on most recognized holidays. We will use this public website to update residents about the affected areas that will be temporarily inconvenienced. Copies of these schedules and notices are also posted in the lobby bulletin board next to the elevators.

The contracted project will cause noise, vibration, dust, chemical fumes and odors. Concrete repairs will have loud hammering noise and some dust associated with this work. Please take the following precautions during the work of this project:

1. Close all windows and doors during painting and/or concrete repair operations.
2. Keep any window treatments, shades or blinds closed during working hours for privacy and safety.
3. Stay aware of wet paint and posted "wet paint" signs throughout the premises.
4. Take notice of posted schedules affecting parking stalls and the relocation of vehicles.

Regards,
Jacob Roller ARM®
for Aloha Lani AOA
