

APARTMENTS AFFECTED

If your apartment is listed below, Aloha Lani's painting contractor will be working just outside your window during the working hours of 8:00am and 5:00pm, Monday through Friday.

Pay special attention to the various starting and projected completion dates listed below.

The contracted project will cause noise, vibration, dust, chemical fumes and odors. Concrete repairs will have loud hammering noise and some dust associated with this work. **Please take the following precautions during the work of this project:**

- 1. Close all windows and doors during painting and/or concrete repair operations.**
- 2. Stay aware of wet paint and posted "wet paint" signs throughout the premises.**
- 3. Consider keeping any drapes, window treatments, shades or blinds closed during working hours for your own privacy and safety.**

These schedule reflect work done on the **CANAL SIDE** of the building.

All scheduling may be adjusted, weather permitting.
