EXCELLENCE

Presenter: *Elaine Koons*

## **Brush!® Oral Health Curriculum Training**

**Brush!® features lessons, tools and support material to educate students, educators and parents about why baby teeth matter. Participants will leave with lots and lots of materials!!**

This new curriculum promotes brushing two times per day, flossing, and regular visits to the dentist. Messages also encourage healthy eating, focus on the importance of children's primary (baby) teeth, and inform learners about how dental health relates to school success.

*Brush!®* encourages children and their parents to establish a habit of daily dental hygiene and regular dental visits that allow children to enter Kindergarten ready to learn.

**Our next training is being held on  
Friday, October 20, 2017  
9:00 a.m. -11:00 a.m.**

*Doors will open at 8:30 am for check-in and training will start promptly at 9:00 a.m.*

Questions? Email: [feedback@greatstartwayne.org](mailto:feedback@greatstartwayne.org) or call (734) 225-6616

## **Wayne RESA - Annex Auditorium**

33500 Van Born Road, Wayne, MI 48184  
(Follow the sign to the Annex Building)
