By donating my dress to Angel Gowns Foundation Inc., I am giving ownership of my dress to the nonprofit and it becomes their property once I sign below.

Because Angel Gowns by Diane is solely a volunteer based group, there is no time limit placed on how long it will take for my dress to be converted into Angel Gowns. Donated dresses are often worked on by more than one volunteer and for this reason we are unable to post before and after pictures of your gown. We do post pictures of our completed Angel Gowns on both our Facebook page and our web site.

We are unable to return an item to you made from your dress i.e. doll dress, christening gown etc. However, you are welcome to retain any portion of your dress before donating.

I understand and agree to the above.
