A GANNETT COMPANY

# NEWMAN'S OWN AWARDS

In 1982, Paul Newman founded a company with a revolutionary social goal: to give away 100% of after-tax profits from the sale of its products to educational and charitable organizations. This simple plan was groundbreaking and original, with success uncertain and obstacles guaranteed. The company that grew out of this venture, Newman's Own, Inc., has now given over \$300 million to thousands of charities.

The annual Newman's Own Awards program celebrates the original thinking and work ethic that made Paul's idea flourish. Since 1999, the program has been recognizing community organizations that break the mold, creating innovative ways to improve quality of life for service members, Veterans, and their families.

Ranging from retreat programs for military in-patient burn and blast survivors to a traveling museum exhibit exploring the life of military children through art, the six organizations honored this year each present a passionate and unique plan to support our Nation's heroes by enhancing the communities where they live and serve.
