Interesting as I was unfamiliar with being a BRAT However, as support to my daughter's family and grandkids of an Army Sergeant, this was both enlightening and informative.

Both speakers were wonderful and entertaining. It's great that they shared their personal experiences— it helped us to have an easier understanding of BRAT life. They were comprehensive in their presentation and even included a nice movie trailer that opened my eyes to the BRAT experience. I love how they kept us engaged and provided paper handouts with resources. My favorite workshop of the day! Such jolly presenters and cute family photos. A wonderful experience! ☺
