

KEZ Partnership Agreement

The KEZ Vision is to multiply and renew Reformed ministries in the metro NYC region. We do this by gathering for support and encouragement, praying for our ministries and the city, and supporting each other in a variety of ways including resourcing, collaboration, training and grants.

Our values are:

- * Gospel Centered - The Lordship of Christ and the coming of his redemptive kingdom are the backbone upon which all ministry is based
- * Emotional Health - leaders lead from a place of vibrant relationship with God and growing emotional maturity
- * Families in Ministry - leaders lead from their singleness or from their marriage and attend to these relationships as of primary importance for healthy successful ministry
- * Authentic Community - ministry friendships provide a context for support, growth and accountability
- * Kingdom Minded - group “wins” are more important than individual successes; we love sharing resources and supporting each other whatever way we can
- * Multi-ethnic - we are committed to planting multi-ethnic churches which reflect the diversity of God’s people and showcase the power of the Gospel to overcome racial walls
