

## A CAMPAIGN TO ENCOURAGE PEOPLE TO BUY FROM ARTISTS, DESIGNERS, INDEPENDENT SHOPS AND GALLERIES

*"If everyone who'd complimented our beautiful gallery had bought just a card we'd still be open"*

When I read this quote by shopkeepers who'd recently closed their gallery I thought – enough is enough – we need to fight back! As an artist and designer, who also makes cards, I know just how valuable each and every sale is, not only to independent shops and galleries which make our High Streets unique, but to their artists and designer suppliers. Sadly it's too late for that gallery, but others need our valuable support, and that is why we started our campaign JUST A CARD – to encourage people to appreciate just how invaluable every single purchase is.
