The Montgomery Area Community Club is an all volunteer, non-profit organization that’s sole purpose is to enhance the pride within the community & has been doing so since the early 1900s!

The Kolacky Button
One of the longest traditions of the annual Kolacky Days celebration is the collectible button that is created each year that first appeared at the 6th Annual Kolacky Days. The only tradition that has been around longer are the Grand Day Parade and the Kolacky Eating Contest that have been around since the very first Kolacky Day held in 1929 and the Kolacky Queen Coronation that became a part of the festival in 1931.

The early buttons emphasized the kolacky and made it the focal point on the button. Some years there was one large kolacky while others it was a platter of them. Montgomery’s Czech roots also were featured on the button. The Czechoslovakian flag appeared twice alongside the American flag. Ladies dressed in Czech attire also were common. Then starting in 1961 and lasting until 1983, the reigning Kolacky Queen was represented on the button alongside a kolacky. In 1982, the Queen and kolacky shared the button with other events and activities of the weekend which included running shoes, a softball bat and local instruments. Running in the mid-1980s until 2000, common themes included Montgomery’s Czech traditions, folk art and the town motto of being the “Kolacky Capital of the World.” Since 2003, no real strong theme has presented itself. A few had Czech attire, the kolacky made a appearance, the State of Minnesota was featured more than once, and a string of years featured the Kolacky Queen and her court.

To finish, here are a few fun facts about the 82 Buttons: At least one kolacky has appeared on 64 buttons, the Kolacky Queen has been featured on over a 1/3 of them, and the button has been fashioned with Men’s a total of 31 times, but has not appeared on one since 1982. A complete button collection can be found in the Arts & Heritage Center, Hilltop Hall, and the MACC Office as well as at www.kolackydays.com.
