january 9 - february 27 2010

Dina Mitrani Gallery is pleased to present, El Contrato (The Contract), a series of photographs depicting a woman's journey of self discovery and identity. Although inspired by the artist's personal experience, many universal themes are presented that create a dialogue with the viewer. Gender, family, life cycles and memory are symbolically represented with elements charged with ritual and spirituality. The contract of loyalty with fears and prejudices of the past is broken and the woman becomes free to discover herself in the many roles within contemporary society.

Marina Font was born in Cordoba, Argentina in 1970. She studied design, sculpture, and photography at the Escuela de Artes Visuales Jose Malharro, Argentina and photography at Speos Ecole de la Photographie, Paris. She recently earned her MFA in photography from Barry University, Miami. This is her first solo exhibition in a gallery.

Dina Mitrani Gallery opened in November 2008 and specializes in international contemporary photography. The gallery represents emerging and mid-career artists, offers artists talks and lectures on photography as well as photo-based books. The gallery is committed to promoting its artists, as well as working with independent curators to produce unique group exhibitions.
