- 19) All trophies remain the property of the Albury-Wodonga & District Orchid Club Inc.
- 20) No person, including exhibitors, are permitted to handle any plant or flower during the show. Should any attention be necessary to any plant the permission of the Show Marshall is required.
- 21) All exhibits become the property of the Albury-Wodonga & District Orchid Club Inc. for the duration of the Show. At the completion of the show they are returned to their owners. No exhibit may be removed before 4.00pm on the final day of the show, without permission of the Show Marshall.
- 22) The Albury-Wodonga & District Orchid Club Inc., will ensure that all care is taken to satisfy exhibitors, but accepts no responsibility for loss, destruction or damage occasioned to plants or property.

- 23) Owners must place their name under their pots or on a label embedded into the potting compost, and on the back of photography, art, craft and needlework entries for identification.
- 24) **Measurement of Cymbidiums** – The flowers are to be measured horizontally across the visible limits of the flower.
- 25) Flowers may be supported in the best possible manner for presentation. This support should be in such a manner so as not to be obtrusive and distract from the overall beauty and charm of the plant. With single flower genera e.g. Paphiopedilum, Lycaste etc., ties shall be not higher than immediately below the ovary. If it is necessary to tie above the bottom flower or top branch, the judges are permitted to penalise, or temporarily remove such tie for the purpose of judging.
- 26) All classes which have been marked **(S)** are seedling classes in the schedule and must be notified by the exhibitor on the entry form. In seedling classes, only plants appropriately named will be judged.
(S) “Seedling” means the complete plant grown from seed and flowering for the first time. For exhibition purposes seedling shall retain their status of seedling throughout the flowering season in which they first flower. It does not have to conform to the flower count required for the genus.
- 27) Anywhere **NOS** appearing in any class description means **“Not Otherwise Specified”**.
