**4-P.M. BONUS BADGE BONANZA EXPLAINED:**

The Bonus Badge Bonanza program allows you to plan out your week using the days in parenthesis. FYI, (R)= Thursday and the rest are self-explanatory. If multiple days are in parenthesis, the badge meets all these days...for example Geology meets Monday, Tuesday, and Wednesday. Activities with one day per parenthesis can be visited on any of those days, e.g. Open Shoot. So, how would this work? Johnny Scout wants to visit 4 different program areas during Bonus Badge Bonanza: Lantern, Aquatics, Ecology, and ROAP. He schedules this by choosing Mammal Study (Monday, Tuesday), Fireman/Totin (Wednesday), Open Swim (Thursday), and Fingerprinting (Friday). Instead of being committed to one class, Johnny is walking away with 2 Merit Badges, 1 BSA Award, and a little extra time in the cool water. Johnny loves the Bonus Badge Bonanza program!
