GOJO Industries, Inc. is the leading global producer and marketer of skin health and hygiene solutions for away-from-home settings. Our broad portfolio includes hand cleaning, handwashing, hand sanitizing and skin care formulas under the GOJO®, PURELL® and PROVON® brand names. GOJO formulas use the latest advances in the science of skin care. GOJO is known for state-of-the-art dispensing technology, engineered with attention to design and functionality. Our complete programs promote healthy behaviors for hand hygiene, skin care and, in critical environments, compliance.

Where to Place PURELL® Products

PROGRAM COMPONENTS
• GOJO® Sanitary Sealed Soap
• PURELL® Advanced Instant Hand Sanitizer
• PURELL® 2-in-1 Sanitizing Wipes
1. START WITH THE RESTROOM
GOJO hand soap at the sink and PURELL® Advanced Hand Sanitizer outside of the exit
2. HIGH TRAFFIC AREAS
Reduce the spread of germs in halls, lobbies and cafeterias with PURELL® Advanced Hand Sanitizer
3. INSIDE THE CLASSROOM
Keep the germs out of the classroom with PURELL® Advanced Hand Sanitizer and PURELL® 2-in-1 Sanitizing Wipes

The Effect of a Comprehensive Handwashing Program on Absenteeism in Elementary Schools (June 2002)

This study involved 5 schools in Pennsylvania

Results:
• 50.6% reduction in student absenteeism
• $167 of potential savings per student enrolled

Know Your Schools – Hand Sanitizers Installed in Solon Schools (August 2006)

This study involved Fernald Elementary School

Results:
• 50% reduction in teacher absenteeism
• Slight decrease in already-low student absenteeism

In line with CDC recommendations, everyone should:
• Wash their hands often with soap and water
• Use PURELL® Advanced Instant Hand Sanitizer when soap and water are not available
• Regularly clean and disinfect shared surfaces

When Hands Need to Be Cleaned

• Before you eat
• After playing sports
• After you use the bathroom
• After coughing or sneezing
• Buses (Best Eat, School Entrance)

PURELL® Advanced Instant Hand Sanitizer outperforms other leading sanitizers, and the touch-free dispenser and foam formula encourage use.

Multiple studies have found that absenteeism is reduced when students and teachers have access to PURELL® Advanced Instant Hand Sanitizer throughout the school.

Student Absenteeism

In school settings, students are more likely to wash their hands:
• After coughing or sneezing (Classroom, throughout the School)
• After playing sports (Gym, Locker Room)
• Before you eat (Lunchroom, Classroom, Teacher’s Lounge)
• Buses (Best Eat, School Entrance)

Parents have sent their children to school sick:
• 33% wash hands with soap
• 50% don’t wash hands at all
