Call for Just in Time Abstracts
The Ohio Academy of Science Annual Meeting

The Academy’s Annual Meeting will be held on April 18, 2020 at Cleveland State University.

To include more college students and professionals who may already be presenting their research on a campus this fall or spring, OAS is opening a second Call for Abstracts through February 28, 2020.

For college students, abstracts submitted during this second call MUST be reviewed by their advisor. Since these abstracts will not be peer-reviewed by OAS, the abstracts will not be in the print version of the meeting program. Instead these abstracts will be printed in a separate insert that will be distributed at the meeting. These abstracts WILL be in the online version of the program in a Just-in-Time section. These submissions will be for poster presentations only.

Space is limited, so we encourage interested scientists to submit early.

To submit a Just in Time abstract:
1. Review the information on how to format an Abstract  
   https://www.ohiosci.org/annual-meeting-2020
2a. Become a Member of the Academy  
2b. If you are already a member use this link to check your membership  
3. Submit your Just in Time abstract  

Notes on submitting an Abstract for the OAS Annual Meeting:
1. The abstract submission fee ($80) includes meeting registration and a boxed lunch
2. These submissions will be for poster presentations only

Cleveland State University faculty and students may submit abstracts at a reduced host institution rate of $25 which includes a boxed lunch.
