This we believe.

Tens of thousands of Ohio students over nearly 90 years have benefited from participation in youth science opportunities including local, District and State Science Days of The Ohio Academy of Science. Early life experiences—like these—get under your skin in a most powerful way. These students’ scientific and engineering knowledge and skills, as well as their academic accomplishments, were fostered by early access to professionals, public recognition of their work, and scholarships. Re-connecting these students—now as alumni—in meaningful STEM-related experiences such as judging and other interactions will bring them personal and professional satisfaction and assist The Ohio Academy of Science.
