School Annual Education Report (AER) Cover Letter

March 13, 2007

Dear Parents and Community Members:

We are pleased to present you with the Annual Education Report (AER) which provides key information on the 2016-17 educational progress for the Potterville High School. The AER addresses the complex reporting information required by federal and state laws. The school's report contains information about student assessment, accountability, and teacher quality. If you have any questions about the AER, please contact the high school principal for assistance. The principal can be reached at 517-645-7609 or wiseas@pps.k12.mi.us

The AER is available for you to review electronically by visiting the following web site; mischooldata.org, or the district web site: www.pps.k12.mi.us, or you may review a copy in the main office at your child's school.

Since the start of the school year our team at Potterville High School has been working at improving every day. This is a topic that we speak about in many of our meetings and professional conversations. Our district is in year two of Dr. Grant Chandler's Rapid Turnaround initiatives.

Rapid Turnaround provides the school district with the following attributes:

- A routine approach in making data-driven decisions
- Aligning curriculum and content
- Focusing on innovative strategies to better meet the needs of all students
- Systematic opportunities for reflection and revision

By building this foundation, PPS is looking to enhance our educational outcomes while maintaining stakeholder relationships to ensure positive results.

State law requires that we also report additional information.

1. Potterville Public Schools has a centralized enrollment process that assigns students to a grade level and school based on residency boundaries established by the district. Individual student records are reviewed for appropriate placement in courses or a particular grade level.
2. PHS's annual school improvement plan is current. Our staff members have input into the plan, and it shapes the goals of our efforts to increase student achievement.
3. Our curriculum guide is available on our school web site, and copies of curriculum materials can be reviewed in our school office. The program utilizes the Michigan Merit Curriculum.
4. Our attendance at Parent-Teacher conferences is typical for many high school programs: 77 parents signed in for fall conferences, an attendance rate of 30%.
5. College Readiness Options:
 - a. The school does not offer AP/IB courses, but students can enroll in neighboring districts for these courses, through shared services agreements.

- b. Potterville students are eligible for dual enrollment programs with partnering entities in the Greater Lansing community.

I thank you for your support of Potterville High School. We are pleased with our progress while continually working toward greater achievement and opportunities for the young men and women of Potterville.

Sincerely,

Andrew S. Wise
