

Charging Policy for Breakfast and Lunch

We ask that you keep funds on your student's account so your child can purchase breakfast and lunch without incident. With funds on the account, it helps the lines run more smoothly. We also ask that you PLEASE fill out an application for free and reduced meals. If you go to www.lunchapp.com and fill it out, it is a much quicker response time to your application.

Charging for the elementary building: the child may charge 3 times. Milk is NOT FREE and CAN NOT be charged. Extras CAN NOT be charged. No Charging for Ala Carte items.

Charging for the middle school building: the child may charge 2 times. Milk is NOT FREE and CAN NOT be charged. Extras CAN NOT be charged. No Charging for Ala Carte items.

Charging for the high school building: the child may charge 1 time. Milk is NOT FREE and CAN NOT be charged. Extras CAN NOT be charged. No Charging for Ala Carte items.

Please be aware that if your student charges breakfast, that takes one charge away, so high school students should keep their accounts funded and use caution if charging is necessary.

We remind students about low balances on accounts, send notes home, send email notices, and we will have the student call parents. A stop is put on ASAP when students meet their limit; no purchases can be made until account is paid. Students will be offered a cheese sandwich with fruit, vegetable, milk. When the account is paid in full, the stop will be removed from their account.
