**MR#:__________________________**

### Exam Information

- **Exam type**
  - [ ] diagnostic
  - [ ] educational

### Indication(s) for exam

- [ ] dyspnea
- [ ] chest pain
- [ ] hypoxia
- [ ] hypotension
- [ ] blunt thoracic trauma
- [ ] penetrating thoracic trauma
- [ ] Other

### Views

- **Right Thorax**
  - [ ] Anterior
  - [ ] Lateral/Flank
  - [ ] Posterior

- **Left Thorax**
  - [ ] Anterior
  - [ ] Lateral/Flank
  - [ ] Posterior

- [ ] Other

### Findings

**RIGHT THORAX**

- **R Lung sliding**
  - [ ] absent
  - [ ] present
  - [ ] indeterminate

- **R Interstitium: Pathological B Lines**
  - [ ] absent
  - [ ] present
  - [ ] indeterminate

- **R Anterior - Pathological B Lines**
  - [ ] absent
  - [ ] present (greater than 3 per view)

- **R Flank region - Pathological B Lines**
  - [ ] absent
  - [ ] present (greater than 3 per view)

- **R Pleural effusion**
  - [ ] absent
  - [ ] present
  - [ ] indeterminate

- **R If present:**
  - [ ] small
  - [ ] large
  - [ ] anechoic
  - [ ] complex

- **R Lung consolidation**
  - [ ] absent
  - [ ] present
  - [ ] indeterminate

**LEFT THORAX**

- **L Lung sliding**
  - [ ] absent
  - [ ] present
  - [ ] indeterminate

- **L Interstitium: Pathological B Lines**
  - [ ] absent
  - [ ] present
  - [ ] indeterminate

- **L Anterior: Pathological B Lines**
  - [ ] absent
  - [ ] present (greater than 3 per view)

- **L Flank: Pathological B Lines**
  - [ ] absent
  - [ ] present (greater than 3 per view)

- **L Pleural effusion**
  - [ ] absent
  - [ ] present
  - [ ] indeterminate

- **L If present:**
  - [ ] small
  - [ ] large
  - [ ] anechoic
  - [ ] complex

- **L Lung consolidation**
  - [ ] absent
  - [ ] present
  - [ ] indeterminate

### Interpretation

- [ ] No sonographic evidence of acute pulmonary disease

- [ ] Pneumothorax
  - [ ] not present
  - [ ] left
  - [ ] right
  - [ ] bilateral

- **Pleural effusion**
  - [ ] not present
  - [ ] left
  - [ ] right
  - [ ] bilateral

- **Alveolar interstitial syndrome ([>3 B Lines])**
  - [ ] not present
  - [ ] focal
  - [ ] diffuse

- **Lung consolidation**
  - [ ] not present
  - [ ] left
  - [ ] right
  - [ ] bilateral

- [ ] Other
