**Interpretation of Fluid Appearance**

- Amber
- Cloudy
- Straw-like
- Blood
- Other

**Interpretation of Other Findings**

- Large percutaneous effusion present with tamponade physiology
- Large percutaneous effusion present without tamponade
- Hemothorax percutaneous effusion present
- Small percutaneous effusion present
- View not obtained

**Interpretation of Pericardial Effusion**

- Cardiac tamponade
- Other

**Interpretation of Other Findings**

- Chest pain
- Other
