## Summary

A decade of experience taking risks, challenging status quo, leading, innovating, imagining, and storytelling.

---

## Experience

### **Director of Promotional Design - NBC Sports**

January 2013 - Present (4 years)

- Assembled a full twelve member design team to support all the promotional design needs of NBC Sports. Hired all members, designed their workflow, and managed their daily responsibilities.
- Directed the brand design for all NBC Sports marketing deliverables.
- Implemented time saving workflow efficiencies to improve capabilities of internal campaigns.
- Directed and produced creative campaigns with outside production teams including managing schedules, keeping projects on budget, communicating progress, and discussing creative direction.

### **Graphics Producer - NBC Sports**

June 2010 - December 2012 (2 years 7 months)

Produce Graphic On-Air Show and Promo packages for NBC Sports and the NBC Sports Network as well as internal graphics needs for other NBC Universal brands.

### **Designer / Animator / Producer - Comcast Versus**

April 2010 - December 2011 (1 year 9 months)

Designed and Animated various on-air promotions as well as edited, updated, and improved existing project files.

### **Broadcast Designer - WPHL TV**

2007 - April 2010 (3 years)

- Designed and implemented all graphical elements for on-air media, print advertisements, outdoor and transit campaigns from concept to completion, including all storyboard, 3D, compositing and design aspects.
- Managed tasks and projects for multiple interns and freelance designers as well as designated responsibilities on a day to day basis
- Responsible for working in person and remotely with clients as well as adhering to budget and deadline requirements

### **Intern - Blue Visual Effects**

2006 - 2006

- Aided creation of Time Warner Cable spot by tracking footage and compositing the Time Warner Cable logo into a scene
- Assisted in design of Philadelphia 76ers twenty-foot building banner
- Worked as Production Assistant on-set for projects including Comcast Spotlight and PHEAA
