

CDSP Competition Obedience Seminar

Greater Racine Kennel Club
6320 6 Mile Rd Racine WI 53401

When: Saturday Sept 22nd

Time: 9am-3pm

Presenter: Cathi Overend CDSP Judge

What could be better than training your dog then testing her skills-and yours- in a friendly, safe, environment?

What is CDSP?

The Companion Dog Sports Program (CDSP) is based on traditional competition obedience exercises and scoring guidelines and was created using feedback from exhibitors, instructors, judges, and dog handlers and trainers nationwide. Handlers and their dogs can earn titles in Starter Novice, Novice, Open, Utility and Versatility classes, and Championships, with qualifying scores earned at sanctioned obedience trials.

CDSP is a natural style of competition obedience based on dog-friendly training methods, where handlers are allowed to talk to and praise their dogs during most of the exercises, and give their dog a food treat at the end of each exercise. There are no exercises with more than one unleashed dog in the ring at the same time and no group sit or stay exercises.

CDSP Competition Obedience is a great venue on its own or as a complement to traditional obedience venues! It will help you and your dog make a smooth transition from training to the ring and establishes a solid foundation for the traditional performance ring. It is also ideal for veteran dogs as jump heights are set at 3/4 of your dog's height at the shoulder.
