Durango, Colorado (February 25, 2019) – Statement from The Mountain Pact Executive Director, Anna Peterson:

“We are thankful members of Congress from both sides of the aisle have recognized the critical role the Land and Water Conservation Fund (LWCF) plays in the expansion, development, and improvement of America’s public lands, waterways, and multi-billion dollar outdoor recreation industry. The President should sign the bill, but the Administration and every member of Congress who supported LWCF needs to support full and dedicated funding, otherwise the promise of LWCF will continue to be unfulfilled.”
