Dear Ann and all the Staff, Pupils, Friends and Families of Woodchurch Road Primary School,

Classrooms in the Clouds Fundraising

Thank you so very much for the wonderful cheque you presented to me for Classrooms in the Clouds a few weeks ago which represented your truly fantastic fundraising in school. This is a significant amount of money and will go a long way to supporting our communities in Nepal and help with building classrooms, providing teaching materials and sponsoring teachers in the rural regions of Everest.

You will be happy to know that the children at Shree Lukla School where Mingma and Hari Maya are teaching have started school again now and Mingma sent me this message last week:

"Namaste, Sarah and Mike.

How are you? We all are fine in Lukla. This Sunday we starts our classes after earthquake. All students are attended so we all teachers are very happy. Our admission was closed but after earthquake some students came for admission from Namche, Ghat and Ghumila school. Now a days only Lukla school and Ghat school did start the classes. Others school are still closed, they will start from coming Sunday.

Hope everything going well.

With love

Mingma"

Below are photos of Dawa distributing tarpaulins and tents to the village of Thulodhunga so that the children can carry on with their lessons during the monsoon. Their old school is too badly damaged now to use the classrooms. Luckily the new classrooms that are being built are OK.

They have been celebrating Dumji in Lukla recently which is a Sherpa festival celebrating the birth of the Guru Rimpoche the founder of Tibetan Buddhism. It involves a lot of singing and dancing and dressing up as dragons!! Even in these difficult times the Nepalese people love to sing and dance.

I am enclosing some wristbands for you.

I look forward to seeing you all before too long. Thank you very much indeed for your fantastic support.

Warmest wishes.

Sarah
