WEDDING PAPER DETAILS

PAPER COTTON

Our house stock is 100% cotton paper (118 lb.) and is available in white and natural.

ENVELOPES COTTON & MATTE FINISH

Included in our standard invitation suites are white and natural envelopes. Color envelopes are available as an upgrade.

PRINT METHOD DIGITAL

Liquid ink is applied to our 118 lb. house cotton stock. Ideal for numerous colors and crisp black. Our cotton paper gives it a luxe, weighted feel in hand. *Ideal for smaller budgets and quantities!*

PRINT METHOD LETTERPRESS

Rubber based ink is pressed into our 118 lb. house cotton stock using custom polymer or metal plates. The plates and press produce a distinctive “bite” or indentation into the paper that can be felt as you rub your hand over it. Each color is pressed by hand, making it a true work of art.

Ideal for large budgets and custom keepsake designs!

PRINT METHOD METALLIC FOIL PRINTING

Metallic foil is heat set/stamped onto our 118 lb. house cotton stock.

Need true shiny gold or silver? Metallic foil is it!

Combined with digital print or full foil, you’re in for a treat!

Ideal for medium to large budgets where glitz is a must!

I'm Dondrea Owens, the owner and designer of Jenkins Rose. It is an absolute honor to be trusted with the fine details of your life's most memorable moments.
