

HOUSE TOUR 2018

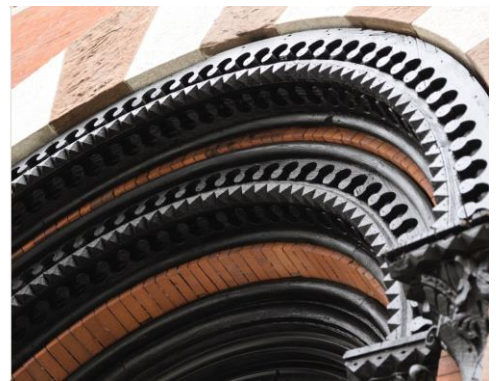

Presented in collaboration with Providence Preservation Society

From a 1870s former firehouse and long-abandoned church, to a modern take on the mid-19th century lightning splitter, the WBNA House Tour - this year presented with PPS - takes you through a dozen private homes and a multitude of artist studios and urban gardens, creatively reimagined on Providence's west side.

PREVIEW PARTY at the Albert T. Mansfield House: Friday, October 5, 2018, 6-9pm

HOUSE TOUR of homes from Harrison to Hammond: Saturday, October 6, 10am-4pm

The WBNA House Tour is a signature event that showcases the west side to visitors near and far. Nearly 4000 tour-goers have flocked to the neighborhood over the past four years to experience our stunning architecture, soak in our vibrant sense of community, and discover the unique offerings of our local restaurants and businesses. House Tour weekend is our only fundraiser, and supports WBNA's work throughout the entire year.
