

About the School

Here at MCC, we believe in letting the child's nature guide us. It is our goal to help children develop and nurture their intrinsic love of learning, their independence, and their sense of community. In the process, we hope to aid them in becoming lifelong learners.

Programs

The Montessori Children's Center is a traditional Montessori preschool and Kindergarten, serving children ages 2 - 6. The school offers full and half day programs, as well as before and after school care.

In addition to the Montessori program, the children will also have the chance to make art, learn basic cooking skills, and play outside on a spacious playground.

MCC also offers music and dance classes, a sign language program tailored for young children, and many other opportunities for children to extend their learning.

Facilities

The MCC is housed in a state-of-the-art facility built especially for the school. The children work in two light-filled classrooms.

*These words reveal
the child's inner
needs: "Help me to do
it by myself."*

- Maria Montessori

Location

The MCC is located in the southwest corner of San Francisco, in the picturesque Park Merced residential district. The school is adjacent to San Francisco State University, and well-served by public transportation.
