### FIRST CLASS FREE

New students are always welcome to attend their first class at no charge and with no registration obligation. Just call the office to set up your appointment!

## Semester-Based Enrollment (18 wks)

Classes are divided into two semesters that each contain 18 weeks of classes. Using our specially-designed curriculum, instructors teach dance concepts with a cumulative focus in each weekly class. To allow for maximum student benefit, families are asked to commit to a full 18-week semester upon enrollment. This way, students have the opportunity to learn, review and repeat concepts taught in classes in a manner that promotes longterm retention and the best possible return on your investment!

## Registration

The best time to register is at the beginning of a semester. Registration can be completed on-line or in person by making an appointment with a member of the Front Desk Team. A non-refundable registration fee of \$35 per student or \$45 per family is charged once per year for all students at registration.

## Tuition

Because our enrollment is based on semesters, tuition is also calculated per semester. You can choose to:

- Pay full semester tuition at the time of registration
- Pay semester tuition in (2) installments, once at the time of registration and once in the middle of the semester
- Pay semester tuition in (4) installments, once per month for the first four months of the semester (for example, in August, September, October and November for the Fall Semester)
