SUMMER WORKSHOP (ages 7-14)

MONDAY, JUNE 26 - FRIDAY, JUNE 30 | CLASSES 12:30-3:30PM DAILY | \$200

Just like Ballet 5:8's Summer Intensive for advanced dancers, **Summer Workshop** is structured to help attendees brush up on their ballet technique over the summer months, expand their sense of acting, performance quality and artistry, and engage with many different styles of dance and choreography. *Highly recommended for beginning and intermediate students!*

During this mini intensive program, each day begins with an age-appropriate devotion. Then, students break into ability-based groups for daily ballet technique class. After a short break for a snack, students participate in a range of supporting classes that may include: modern, jazz, improvisation, character dance, conditioning, stretching, and choreography. On Friday, students participate in a mini-presentation for parents.

Workshop is typically appropriate for students who attended ballet levels IA, IB, IIA, IIB, or Youth Intermediate Ballet during the past school year. Level placements within Workshop (level I or II) are determined on the first day of classes.

PRE-PROFESSIONAL PROGRAM CLASSES

JUNE 19-30 AND JULY 10-AUGUST 4

Pre-Professional level dance students know that muscle memory, coordination, strength, flexibility and more can disappear all too quickly over the summer months! **Pre-Professional Program Keep Up classes** are a great way for students to maintain progress gained during school-year classes over the summer months.
