Description

Science Venture instructors are a team of dynamic, passionate and engaging leaders who are committed to delivering hands-on science, technology, and engineering programs for youth. Our team strives to provide high-quality high-impact programs to youth in our community, so they can build confidence and be successful in their future. As an Instructor, your job will be to educate and inspire these young minds, to provide them with a positive outlook on the world of science & engineering, and to serve as a resource to other educators through hands-on workshops and after-school programs.

This work term at Science Venture will have Three main components:

**Training & Curriculum Development (2 weeks in September)**
Participating in training sessions. All instructors will receive training in behavior management, diversity, and best practices. Learn, modify, and create innovative STEM content for communities and clubs.

**In-School Workshops/Clubs (10 weeks in October - December)**

**Debrief, Reporting, Clean Up (December)**
Debriefing post program delivery, ensuring statistics are collected. Update lesson plans based on community feedback. Organize and inventory delivery materials.

Location

Following the guidelines provided by the provincial health authorities, Science Venture will act in accordance with the directive from the University of Victoria based on safe working policies. You can expect that we will be predominately working at UVIC. Whereas our focus will be to provide primarily in-person programming, remote work and zoom-sessions can also be expected.
Eligibility Criteria

Applicants must:
- Be pursuing or recently completed a University degree (Science, Engineering, Education or Computer Science, preferred)
- Pass a Criminal background check when hired
- Have or be willing to complete First Aid training with CPR C

Assets:
- A Valid Class 5 BC License with no restrictions (i.e. no “L” or “N”)
- Conversational French

Key Competencies

- A passion for and an interest in education, science, technology, engineering and math
- Experience working/volunteering with youth in a camp or educational setting
- Ability to act as a role model to youth and work in a team environment
- Openness to learning and feedback
- Ability to be resourceful, flexible and adaptable to a fast-paced work environment
