PARTIES! PARTIES! PARTIES!

2010 July 19

## Molto Miami!

Tori Praver, Lorenzo Martone

### **W, Wet and Wild**

The Webster wasn't the only institution to celebrate an anniversary this week. The Wall nightclub at the W blew out its first birthday candles with a series of parties kicked off by *The Daily Swim* bash attended by **Dennis Rodman**. The W South Beach turned one too, of course, and Diesel hosted its own affair at Wet (the hotel's happening pool area), as did the Salon Allure lounge on the 9th floor that regularly attracted the likes of **Red Carter**, **Jules Kim**, Martone and others for Bliss oxygen facials.
