WENATCHEE VALLEY YMCA

The Importance of Summer Youth Programs

Summer youth programs provide children with opportunities to continue learning and growing between school years. The children in our Y summer programs learn new skills, build strong relationships with other youth and positive adult role models, and make connections in our community while having fun. We understand that you want the very best for your child and would be honored to be part of your child's summer. You may register online at www.wenymca.org or in person at the Y.

Summer Day Camp (Grades K-4 in May 2018)

Each one week session of the Wenatchee Valley YMCA's Summer Day Camp is packed with trips to area parks, educational theme-related activities, team challenges, group games, special events, and swimming. In addition to all of that, we will have exciting local facility tours and guest speakers. Summer Day Camp this year will be offering the choice of several enhanced field trips throughout the summer for a small additional fee. During the enhanced field trips, campers get to experience Slide Waters, white water rafting, boating and the low ropes courses at Lake Wenatchee YMCA Camp. Children may be signed in as early as 7:30 am and signed out between 4:45 and 6:00 pm at the Wenatchee Valley YMCA.
