FROM HERE TO THERE

Operational Realities of Hydrosolids Removal

Gavin Macdonald
Operations Manager
Overview of Operational Challenges

- Tight facility footprint
- Lagoon design considerations
  - Drainage Sand
  - Piping
  - Weight
- Handling challenges
- Benefits of maintenance
Tight Spaces
Tight footprint for...

removal

loading
Finesse Required

Piping located in the lagoon

Preservation of filter sand
Material Handling Challenges
Challenges come in all sizes
Routine Maintenance

- Maintain operations within design capacity
- Preservation of infrastructure
- Avoid excessive storage
- Budgetary cost containment
