CASELLA RESOURCE SOLUTIONS

ZERO-SORT® RECYCLING • COLLECTION • ORGANICS • ENERGY • LANDFILLS
casella.com
Serving New England, eastern Canada, & beyond

Promoting the environmentally sound and publicly supported recycling of biosolids and other residuals.

Water (& solids) resource recovery facilities, biosolids management companies, consulting firms, septage transporters, paper mills, end users of biosolids, vendors, labs, researchers, students, & more.

Networking, information (website, free NEBRAMail), public education, research - helps your outreach – advances your work

Recycled organics: Tools for sustainability.
