I understand a CSA is a form of local agriculture designed to directly connect community to growers. Shareholders
commit to supporting our farm and sanctuary by sharing the costs of produce production, along with the accompanying
potential risks (weather, pests, etc.) and that may effect the harvest. All CSA share items are certified organic.

Refund Policy: \$50 of deposit in non-refundable. After April 1, refunds are in farm store credit.

2018 Earth Harmony Sanctuary support is a requirement to participate in our CSA.
