"The Spring Summer 2018 collection, entitled *Sticks and Stones*, is inspired by the development and healing of a contusion. Beginning with blush pinks and innocent whites and creams to a dramatic change of dark purples, blues, and greys, the collection is reminiscent of the colours of the healing that can occur after being taken advantage of or underappreciated,"

The LESLEY HAMPTON Label been featured internationally and locally in publications such as British Vogue, Teen Vogue, CBS, FOX News, SELF, Daily Mail UK, CBC, Marie Claire, Cosmopolitan, Glamour and many more.

You may also have seen the label on the red carpet at the Emmy Awards, Canadian Screen Awards, Toronto International Film Festival, San Diego Comicon. Lesley had the chance to dress celebrities and TV personalities including award winning producer Erika Olde, ET Canada host Cheryl Hickey, actress Mia Kirshner, Olympic swimming champion Penny Oleksiak, Deglassi star Sarah Fisher, Spotify sensation singer/songwriter FLETCHER, and Martina Sorbara of Dragonette in their Body2Body music video.
