**Why do we need the Hendy Woods Community?**

In 2011 the state planned to close Hendy Woods State Park, the only large public open space in Anderson Valley, with the most easily accessed ancient redwood groves in Mendocino County. The local community came together to keep the park open, raise money, and advocate for much needed maintenance and improvements.

In conjunction with *Save the Redwoods League*, we provided funding to renovate the Day Use Area, with ADA-compliant facilities and new interpretive panels.

We pay the Day Use fees for local people on the Second Sunday of every month to ensure that everyone in Anderson Valley can enjoy our park.

---

**Our volunteers**

- **Staff the Visitor Center** to provide information and help guide visitors to areas of interest. Sales of shirts, hats, mugs, ice cream, and other Visitor Center items support projects at the Park.
- **Organize and lead** Interpretive Walks
- **Spearhead invasive species removal work** including Fennel, Hemlock
- **Purchase firewood for resale** to campers, with proceeds supporting Park projects
- **Help the Parks Department** with special projects like safe event transportation
- **Update trail guides and activity brochures** like the Quest for kids
- **Plan for future renovation**
- **Keep the public informed** through posters, our website, and social media
- **Collegially communicate with the Parks Department** on behalf of the public

Volunteer hours earn passes for Day Use entry to District parks or Statewide
