

Our Firm	<p>We formed PSC P in 2004 and are currently investing out of our third fund. We invest in established companies with experienced and committed management teams, providing capital for buyouts, recapitalizations, acquisitions and corporate growth. PSC P is committed to providing timely and direct feedback to capital requests, maintaining an open process and offering flexibility in our financing solutions.</p>		
Management Team	<p>Fund principals have over 70 years of collective experience in mezzanine and equity investing, investment banking, commercial banking, consulting and senior executive operating positions. Members of our team have served as CFO and COO of public and private companies, providing us with an understanding of and appreciation for the operational and financial needs of companies.</p>		
Investment Focus	<p>We have experience in and will invest in a wide range of industries, excluding real estate, financial services, biotech and oil and gas. Geographic preference is given to companies along the East Coast.</p>		
Investment Size	<p>We will make subordinated debt investments of \$3 million to \$10 million per portfolio company, or co-invest in larger transactions. We will invest up to \$2 million of equity alongside a debt investment on an opportunistic basis.</p>
