Results will be e-mailed in about 3 weeks, unless an email address is not supplied. **Please print clearly!**

SHIPPING SAMPLES

- If samples are very wet, they should be air-dried to a workable condition before packaging.
- Include this completed Soil Sample Information sheet within the package.
- Include payment **($18)** if you do not have an established account.
- Samples should be shipped by a carrier such as UPS or FEDEX, or first class mail.
- Ensure the samples are not packaged loosely, as they are likely to shift around and burst open during shipping.

Send samples to:

A&L Western Agricultural Laboratories, Inc.
10220 S.W. Nimbus Ave., Bldg. K-9
Portland, OR 97223
Phone (503) 968-9225 o Fax (503) 598-770

Label each sample with your last name and ID number. Each sample must be **2 CUPS,** more than 3 cups may cause problems with handling, less than 2 cups may cause problems getting accurate results.

☒Check box if recommendations required ☒LBS PER 1,000 SQ FEET ☒Graphics Report
