Receptions at the

Heurich House Museum
Intimate.

The Heurich House Museum’s lush historic interiors are a warm and intimate venue in the heart of the city. Our bright and spacious Conservatory and secluded urban Castle Garden are the perfect setting for up to 125 guests.

Historic.

A visit to the “Brewmaster’s Castle” is a visit back in time to the late-19th century, when the Heurich family lived in Washington’s premiere residential neighborhood, Dupont Circle. The mansion was completed in 1894 by German immigrant, local brewer and philanthropist Christian Heurich (1842-1945). Recognized as Washington DC’s most successful brewer, he ran the Chr. Heurich Brewing Co. until his death at 102.

Meaningful.

Christian Heurich’s second wife, Mathilde, built the Heurich mansion to entertain and socialize. A musician’s balcony and Music Room with 1901 Steinway piano welcome guests with music. Parlors and drawing rooms invite guests to wander. The interior of the house is a masterpiece of craftsmanship and design, featuring hand-carved wood, intricately carved fireplaces with cast bronze fire backs, hand-painted ceiling canvases and luxurious furnishings.
The Heurich House Museum is listed on the National Register of Historic Places. In order to protect and preserve the interior decorations of the museum, we strictly enforce event guidelines for all events. Please take a moment to review them:
