

# FRAMESTORE

April 19<sup>th</sup>, 2016

To Whom It May Concern;

I had the pleasure of working with Shihan Barbee, who completed an Internship at Framestore NY for the duration of thirteen weeks from January 18<sup>th</sup> to April 15<sup>th</sup>, 2016.

During this time Shihan worked within Framestore NY's CG Department under my Supervision where he worked primarily as a Model/Texture Artist, demonstrating a very strong skillset and desire to learn.

From the beginning Shihan impressed me with his clear understanding of Modelling. He worked well with other artists and proved to be invaluable on several projects, where he had the chance to shadow on a Lactaid commercial, as well as contributing to the Internal Christmas Card.

Shihan was extremely professional, reliable and generous with his time throughout the Internship. He communicated well with his Supervisors, and was always available and ready for any task given to him.

I would recommend Shihan and believe he has a promising future in Visual Effects.

Please don't hesitate to contact me should you have any questions.

Sincerely,

Andy Rowan-Robinson  
Head of CG, Framestore NY
