TIM COSNER - DEADTECH/MODERNHOMES PRESS RELEASE

Bonding Tapes is pleased to announce the debut album by *Tim Cosner*, *DEADTECH/MODERNHOMES*. *Tim* takes us on a hard trip of abstract beats, spiraling melodies, and avant-garde sound design. A native of Riverside, CA, *Tim* has been involved with other projects throughout the years, such as hip-hop noise outfit **Circuit Scarecrow**, gutterbeat production duo **We Savage**, and downtempo mood-setters **Hello Keller**. *DEADTECH/MODERNHOMES* continues *Tim's* penchant for dense, experimental compositions, blurring the line between life and machine. The album is available for free/pay-what-you-want download, or on limited edition cassette.
