## BREAKDOWN

I'm a VFX/Mograph Artist out of Brooklyn, NY. For the last 9 years I've slaved behind a monitor/camera, drinking excessive amounts of coffee and everyday I get to make cool things.

Over the last few years I've refined my skills whilst working for clients like Universal Studios, MTV, Disney, Subway, the NFL, etc . I've been extremely fortunate to work with alot of talented artists, in awesome studios and I always can't wait to tackle my next project
