

29AN1810 TE MANIA EMPEROR E343 (AI) (AMF-NHF-CAF-RDF-MAF-DDF)

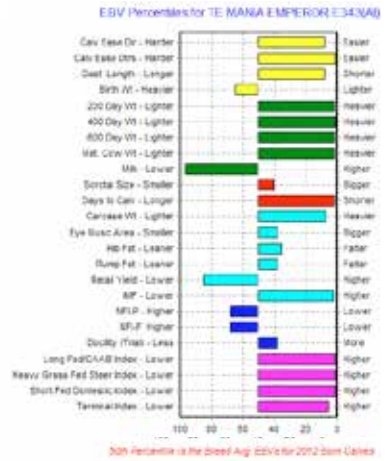

Owned by Murdeduke and ABS Australia

- Emperor is a rare gem indeed, he covers all the bases for the Australian Angus industry; being EBVs, Structure, Phenotype and Docility
- He ranks in the top 1% for 10 traits with 2697 progeny in 136 herds and 1161 scans and still has positive fats, high RBV and CE
- Actual data, Emperor ran in a contemporary group of 401 bulls, he was the heaviest weight and biggest EMA scanned bull. He ranked equal 9th for Scrotal Size, equal 12th for IMF scan and was equal highest for Rib Fat. He ran with 40 open females, and backed up another 60 females for 6 weeks from 16 months old and returned to be the equal heaviest sale weight bull!
- His CE and short gestation assure his ability to calve on heifers, yet his BW shows the calves will grow, a rare combination
