

This Page is dedicated to help answer your Questions about caring for your countertops.

**We recommend the use of hot pads and cutting boards with every surface!!**

1. For Granite, marble, and all other natural stone care please refer to the MIA (Marble Institute of America) for all of the "Official" care guidelines! The direct link to their care guide can be found on our website.
2. Engineered Stone & Recycled Glass (easy)
  - a. For daily care simply use soap and water.
  - b. Resealing is not necessary with these products.
  - c. Do not use:
    - i. Bleach
    - ii. Oven cleaners
    - iii. Comet
    - iv. Soft Scrub
    - v. Paint removers
    - vi. Furniture Strippers
    - vii. Abrasive Scrubbing pads
3. Solid Surface and Laminate
  - a. ALWAYS USE HOT PADS AND CUTTING BOARDS
  - b. Soap and water for daily cleaning
  - c. Keep harsh chemicals and pads away.
  - d. Resealing is not necessary.
