**Absent:** Scott Truehl

**Guests:** David Eugster, Kathy Vike

**Call to Order:** Engelberger called the meeting to order at 5:33 p.m.

### **Communications:**

None

### **O-11-2016- Amending the City of Stoughton Municipal Ordinance Section 14-40(6)(b)- Operation by licensee under Class A and B license; additional city regulations; relating to outdoor consumption areas**

Clerk Kropf explained this ordinance change would eliminate the language limiting the size of the outdoor consumption area to 50% of the square footage of the attached licensed premises. She noted that the current ordinance would allow the committee and council to approve any outdoor consumption by a case by case basis.

Fire Chief Wegner explained that the outdoor area doesn't really follow any building code requirements, but he did suggest that the outdoor capacity not exceed 140 for the inside of the building or in the outdoor area. The committee discussed the need to add language to the ordinance that would allow the Fire Chief and/or Building Inspector to set the capacity of the outdoor consumption area.

Motion by Jenson, to add the sentence "Capacity is to be set by the City of Stoughton Fire Chief and/or Building Inspector, for Outdoor Consumption Areas." to the ordinance and recommend to Council for approval, second by Kittleson. Motion carried 4-0.

### **Adjournment:**

Motion by Jenson, to adjourn the meeting of the Public Safety Committee, second by Kittleson. Motion carried 4-0. The meeting of the Public Safety Committee adjourned at 6:01 p.m.
