

It's Possible

WILSON TECHNOLOGIES, INC.

YOUR OUTSOURCE RESOURCE FOR GLOBAL MANAGEMENT SOLUTIONS

For over 18 years, Wilson Technologies, Inc. has been a leading provider of full-service management solutions for both government agencies and major commercial businesses. We offer a diverse range of cost-effective, stress-free business support services that dovetail seamlessly with your organization.

SERVICES

- ◆ **Admin/Process Management:** From clerical and data processing to technical analysis, program support/planning, project management and much more.
- ◆ **Mail Center Management:** On-site or off-site full-service mail center staffing and operations.
- ◆ **Print Center Management:** On-site or off-site print/copy center staffing and operations for full-color and black & white reprographics.
- ◆ **Shipping and Receiving:** State-of-the-art services to ensure your items are safe, secure, accountable, tracked and delivered on time.
- ◆ **Document Management:** Securely and cost-effectively manage the lifecycle of every document, paper or digital, from creation to storage to destruction using the latest technology. Available on-site or off-site.
- ◆ **Construction Services:** Residential and commercial General Contracting and Construction Management services.
